Movements and Prospects.

Our country is rapidly approaching, if, indeed, it be not now in a period, as important as that of the American revolution. It is a period in which the essential principles of human liberty are to enter into the mind and life of the people, and to be written in deeds. The time past must suffice for merely written declarations, resolutions and platforms. These must now be taken apart, in order to give place to the higher form of life which shall faithfully respond to the throbs of humanity. No narrowness of old political organization can be effective amid the struggling activities and contests of the new phase in political life, in which moral and political responsibilities and requirements go hand in hand to make common cause, against every enemy, as well as every hindrance to the highest welfare of human society and human kind.

There is felt in the hearts of the people a deep and thorough conviction that the political developments of the past have not been in all things favorable to freedom. Slavery and its interests, office-seeking and its partialities, trade and its requirements, money-getting and its sacrifices, have each and all come in to dim the vital flame of a true republican civilization.—The hot pursuit of the greatest good of the greatest number, as the highest aim, has wrought out, in quite too eminent a degree, the crushing of freedom and the taking down of rights in far too many of our fellow men, until the political if not the moral sense of the country has been corrupted. The climax of political iniquity and baseness seems to have been reached in the Kansas and Nebraska movement, and the moral sense of the people has been shocked thereby.

The result of this is a deep and earnest inquiry into the original principles of American freedom, and a determination to sever all the bands that bind them to political parties which have served all the good of which they are capable, in the past, but which are now powerless for further advancement in the path of a generous, a true and an advancing civilization. To go longer with the old parties, bound and muzzled and gagged as they are by the slave power, is not to advance but to retard American freedom and human rights. The abandonment of the old, corrupted, and worn out political parties has become a duty for every American voter, who would act upon the true principles which underlie the vital political issues of the times, and which ought to distinguish American civilization.

Our fathers labored and struggled and made sacrifices and perilled life for the sake of freedom, not slavery, but under the present political sway the interests of slavery, instead of freedom, are most sought for. And so open, so violent, so outrageous has it now become, that out of the ashes of this despair a hope is born that under the Republican movement, subserviency and surrenders to the slave power will be choked off, doughfaces be laid aside upon the political shelf, and freedom become the rule.—It is this elevated public sentiment, on which we must rely for that political action—that right voting, which shall secure to the country the political regeneration of which it stands so much in need.

We see very much to encourage us now in the belief that the country must return to the conviction of the political fathers, that institutions must be maintained here for the promotion of freedom. The last political national convention which has been held came in conflict upon this matter of national aims, freedom or slavery, and the convention was rent in twain. So it will be, of necessity, with every party in national convention except it be a convention of office-holders under the administration of Frank Pierce. But it is not alone in national conventions that freedom and slavery must face each other: in the same principles which have operated in conventions are operating everywhere in the political action of the times, and freedom now meets slavery everywhere; and most unfortunately, so far freedom has everywhere been turned aside by a slap on her face from the Lown hand of slavery. It is not merely now whether slavery shall be secure in the slave States, or even in the Territories, but whether it shall come and rest under the shadow of Bunker Hill monument. The people are getting to understand this matter in all its length and breadth, and as they understand they are determined to act; and in order to act efficiently they have, in all the free States, laid aside all old parties, and joined hearts and hands in the great Republican party of freedom.

In Maine the Republican party embraces, beyond the shadow of a doubt, a majority of the voters of the State. It has, too, the sympathies and the best wishes of the better and the fairer half of human society, whose intuitions are ever towards the good and the true. The Republican movement is one which meets the approbation of the best men in the community, and has the sanction of every well-wisher to human freedom and human progress, because it stands in the best position, and is the best disposed to exert its power efficiently in the removal of the social and political evils which now afflict and weaken the country.

We commend this party and its high purposes, its noble objects and its bright prospects, to the attention and co-operation of every man in Maine—every American in the land.

Facts and effects in Kansas.

The Albany Argus copies from the St. Louis Democrat a statement, that "the Pro-Slavery party in Kansas is *one-fourth less numerous* than its opponents,"—and founds upon it an article designed to show that the alarm about Kansas becoming a Slave State is unfounded. To this the New York Daily Times replies by saying that this might be so, if the question were left to the inhabitants of the Territory. There is no doubt that public sentiment throughout the territory is decidedly opposed to the introduction of Slavery.

But what will this avail so long as an armed mob from Missouri is permitted to march in, take possession of the ballot-boxes, fill the Legislature with members from their own ranks, and thus take the Legislative power of the Territory into their own hands,—and so long as they have in all this the active and efficient co-operation of the President of the United States? The Missouri mob is supreme over Legislation in Kansas. And Gov. Reeder has just been ejected from office by President Pierce because he would not recognize the right of these usurpers to make laws for the government of the people of Kansas. Under these circumstances, it is a matter of no practical importance what the sentiment of the majority of the people may be; it is certain to be overborne by the Missouri mob, backed by the Executive power of the Federal Government.

The Legislature is about to pass laws permitting and inviting Slavery. Under these laws Slavery will be planted there. Slaveholders will go there with their "property," they will acquire rights there, and by and by will plead those rights as a reason why Slavery should not be abolished. The same influences which have controlled the Kansas elections thus far, will be brought to bear upon them hereafter. The certainty of Federal countenance and support will stimulate the Missouri mob to renewed and persevering efforts to effect the complete conquest of the Territory.

It is very true that all these efforts, even if successful, may not be final; and that the adoption of a State Constitution permitting Slavery may not fasten that curse upon that region forever. But every step gained by the Slavery propaganda renders their final triumph more probable, and increases the obstacles which the friends of Freedom will have to overcome. And yet how strange it is that there are those, claiming, at times, to sympathize with the friends of Freedom, who endeavor to blink this vital issue of the times, which affects the very marrow of present political action. The slave power, be it remembered, is subtil and full of disguises, and one of those disguises is the plan of shutting out the consideration of this subject until it shall be too late to make it of any effect against the system of Slavery extension.

The Nature of the Business.

The liquor dealers of New York State have recently held a Convention at Syracuse, for the purpose of taking ground against the restraining laws of that State, against grog shops. The New York Times, after an examination of all the sayings and doings of this Convention, declares that in the debates, instead of embracing any inquiry into the *principles* involved in the crusade they propose to commence, it turned exclusively upon personal interests and still paltrier personal claims to promotion and precedence. No member ventured upon any discussion of the morality of the Liquor traffic, of its relation to individual happiness and the public good, or of any of the great objects sought to be accomplished by its prohibition. Upon all these points the debates of the Convention, as well as the Constitution which it adopted, were profoundly and discreetly silent. The Convention and the class which was there represented, demand the repeal of the Prohibitory law—not because that repeal is demanded by the public good, not because the law is detrimental to the public welfare, or injurious to any of the great interests of society but solely because *it interferes with their profits.* They make money by the Liquor traffic. They demand, therefore, that this traffic shall not be interfered with, and they threaten to throw the whole weight of their votes into that political scale which will promise to go the farthest in making *their* pecuniary interests paramount over all the great social, economical and moral interests upon which this question must rest for its decision.

In such an attempt—so purely, palpably and despicably selfish in its objects, and so unprincipled in its means,—the Liquor dealers will encounter signal and ignominious defeat. They will not enlist one particle of public sympathy on their behalf, nor will they terrify any political party into subserviency to their behests.

We are indebted to our neighbor, B. A. Burr, Esq., of the Jeffersonian, for a very rich and exceedingly beautiful bouquet, the product of his garden. By the by, we may as well say that his garden is one of the most beautiful, in the floral department, of any in the city, especially in the collection of annual flowers. We more than half suspect that our neighbor's success depends as much upon the good taste and diligence of his wife as upon his own.

Mr. G. D. Smith of Machias was accidentally shot ... while examining a piece, taken from another person and which he did not know was loaded. The ball inflicted a flesh-wound in the arm, but not a very dangerous one.

The Journal man, in his Saturday's issue, rushes to the rescue of his correspondent, "Orono," with the utmost anxiety, and at the same time takes especial pains to throw out certain mean insinuations, relative to the authorship of the letter to which he refers. Now I must say to the editor of the Journal that he is entirely mistaken in his suspicions, and I presume he knew he was all the time, but felt that he could not let such an opportunity pass to give currency to a kind of slang, that he supposed might injure the prospects of the Republican party here, by appealing to the lowest prejudices of our citizens, endeavoring to make them believe that they are unduly influenced.

The Journal can understand that the citizens of this place are too intelligent and independent to be driven from their consistency and principles by any such mean and contemptible flings and insinuations—that they do not act as their intelligence and conscience dictate, but as some man or class of men dictate for them. Mr. Sanborn, you little know the citizens of this place, if you think to intimidate them, by impugning their motives or by trying to create false impressions in regard to them. I fear you are inclined to judge all of us up here too much by your lovely correspondent, "Orono," that pink of political perfection. "Spare us the inexpiable wrong, the unutterable shame!"

One word more. The Journal, in speaking of its correspondent, says that this only sin consists in his *integrity and truth, his faithfulness and steady adherence* to the principles of his lifetime, and to the Whig party, which he would not betray or *desert*." This may be all right, but I must assure the Journal that it sounds rather droll to the citizens of Orono, those perhaps as well acquainted with his correspondent's antecedents, political religious and moral, as the editor of the Journal.

Such a statement may do to be circulated in "foreign parts," by some missionary tract society, perhaps, but it will not do for "home consumption."

ANOTHER LIE.—The Bangor Democrat says that John P. Hale asked the people at the Buxton meeting how much majority this State would give for Mr. Morrill, that no one answered, but Mr. Morrill himself, who said ten thousand, "and Peck repeated it." Now, Peck was not within 40 miles of Buxton on that day, and if you did not know that we were absent, you knew that you lied in making up that story about us. We venture nothing of the kind was said there.—*Temperance Journal.*

Was not the story coined and put in circulation nearer your own door than Bangor, Mr. Journal? That Buxton meeting has been a terrible eye-sore to some of your neighbors.

IMMIGRATION AT THIS PORT—DECREASE IN NUMBERS—IMPROVED CONDITION OF THE IMMIGRANTS.—We have from Mr. Goodwin, the alien commissioner, obtained some statistics of immigration at this port for the six months ending July 1st, which show a remarkable decrease in numbers, and also a decided improvement in the condition of those who now come over.

For the first six months of 1855, there arrived at this port 5,097 immigrant passengers, against 11,050 during the same period last year. The total arrived in 1854 was 23,828.

But this is not the only difference. Their condition is changed in a marked degree. Formerly they went on board at Liverpool in dirt and filth, the clothes on their backs being all they had in the world, while now some of them are so neatly dressed as to be mistaken by even a Governor of Massachusetts, who lately went on board to witness their disembarkation, for cabin passengers. They seem to be also much better provided with money than heretofore, though, if the Irish portion have a superabundance, they are not in the habit of letting it be known.

For the last three months the alien commissioner has not found it necessary to send but three or four persons from their ships to the hospital, and from the last three ships which arrived here, (two of which were Train's line,) not an application was made for assistance.—The new law allowing the commissioner to commute with the ship owner for a certain sum for infirm, sickly, and physically disabled persons liable to become a public charge, instead of a bond of indemnity, also works well, for a ship owner will not take a passenger likely to cost him much more than the passage money. But few of the Scotch girls of whom so many came over last year to work in the factories, have arrived this year. The number of Swedes that have arrived this year is only about 200, last year at this time nearly 800. This class always bring considerable money with them, and proceed immediately to the west. More Italians than usual have arrived this year, and all were provided with sufficient money to pay their expenses.

A list of the passengers by the packet ship Daniel Webster, shows that of 480, the number she brought, 125 were bound to places out of Massachusetts, while nearly all of the remainder had friends in the State who had sent for them, and they were thus scattered over as many as fifty different towns—Lowell, Lawrence, and other manufacturing places taking the largest number. A proof of the character of those lately come over is the fact, that during the last quarter only five have been bonded as likely to become a public charge, while in the previous quarter there were 216.

It should not, however, be understood that pauper, lunatic and otherwise disabled immigrants do not arrive here, but as a general thing there are not many of them, owing to the prompt enforcement of the laws, which keeps them on the other side, as it would not now pay to send them to this country.—*Boston Traveller.*

A sick man was told that nothing would save him but a quart of catnip tea. "Then I must die," said he, "I don't hold but a pint."

THE TEN COMMANDMENTS.—The following, by Richard Christian, has often been printed, but cannot be presented to the minds of the people too often. These commandments, promulgated by the Almighty to the children of Israel through Moses on Mount Sinai, were the superstructure of the Jewish laws, and have been adopted as such by every civilized community the world over. In many countries, the first lesson taught the lisping infant is the Lord's Prayer, and the next the Ten Commandments, both of which they are required to repeat daily. Are not these lessons too much neglected by our people here in New England?—Are there not thousands of our native born population growing up in ignorance of the Ten Commandments, and, consequently, ignorant of the fact that they are the very corner stone of all our laws?

> "Have thou no other gods but Me
> Unto no image bow thy knee:
> Take not the name of God in vain:
> Do not the Sabbath day profane:
> Honor thy father and mother too:
> And see that thou no murder do:
> From vile adultery keep thee clean
> And steal not, though thy state be mean:
> Bear no false witness—shun that blot;
> What is thy neighbor's covet not:
> Write these Thy laws, Lord, in my heart,
> And let me not from them depart."

DEATH OF A VENERABLE CLERGYMAN.—David Sutherland, of Bath, N. H., died of heart disease, on the 25th of July, aged 79 years. Mr. Sutherland was one of the oldest, best known, and most beloved ministers of New Hampshire. He was a native of Scotland, commenced preaching on the first Sabbath of the present century, and has been in this country more than half a century. He began his labors in America in the neighborhood of Bath, and remained in that vicinity up to the time of his death, preaching habitually until June. He was the first pastor of the Congregational Church in Bath and retained his pastorate till 1843. He was a man of many great excellencies of character, and uncommon benevolence of heart and purity of life.

BISHOP GRISWOLD.—A writer in the Christian Witness says of the late Bishop Griswold, "that not one man in a thousand ever gave so little trouble to his friends. What he could do for himself he allowed none to do for him. He was a hewer of wood and drawer of water, made his own fires, polished his own boots, carried his valise, and did his own errands. The bishop was peculiarly orderly in all his habits and accordingly sensitive to all disorder. If a corner of a rug were accidentally lapped over, he would leave his chair and replace it, and this perhaps two or three times in a single evening. If a crumb fell upon the floor, the bishop would not rest till it was discovered and taken up."

It is singular that the name of God should be spelt with four letters in almost every language. AN OLD SERMON REPREACHED.—We understand that Father Streeter is next Sunday to preach in his church in Hanover street, the first sermon he ever preached, which was originally uttered fifty years ago, at a church in Richmond, N. LATEST FROM KANSAS.—Mr. Houston, the only man in the Kansas Legislature (so called) in favor of freedom, has resigned his seat. After recapitulating the illegal acts of the bogus body, he says:

"The above facts, together with the additional one of having representatives declare positively that some of the members of the House were not *bona fide*, and never had been residents of the territory, but are living in the State of Missouri, cause me, mortified and disgusted at the assumptions of my countrymen, to retire from a position which I could no longer retain with credit or honor to myself, or justice to my constituents. They have led me to place but little faith in the plant of 'territorial sovereignty,' when placed in the shade of Missouri's overshadowing tree."

Gov. Reeder has strangled another piece of sham legislation, and announces that he will not give his signature to any law enacted at the Shawnee Mission.

The Emigrant Aid Company are erecting a commodious hotel at Lawrence.

The Herald of Freedom states that a party of some thirty pro-slavery men met at Hickory Point (Lawrence) recently, and made a move to drive off the free State voters. They were deterred from their purpose by the firmness of the anti-slavery men, and thus matters rested for a day or two, when an armed body of seventy-five or eighty Missourians, each armed with a rifle, bowie-knife and a pair of revolvers, were found encamped in a piece of woods near by. At the latest accounts they continued in the vicinity, and it was reported that they declare their mission to be to drive every free State citizen from the place.—*Atlas*

SUICIDE.—Mr. Nathaniel Jordan, an old man who for some time has been living in a house by himself in the north part of the town, was found on Thursday morning of last week, kneeling in a chair, with his chin resting in the noose of a rope, fastened over head, dead.—We understand that Mr. Jordon had been out of health for some time previous to his death, and it is supposed that he committed the act in a moment of temporary aberration of mind.—*Dexter Gem.*

A NEW SWINDLE.—A nice looking young man went round among the citizens of Nashua, N. A Scene in Court—A Lager Beer Saloon Keeper Serenaded.

[From the New York Daily Tribune.]

Four boys, named Frederick T. White, Michael Keefe, John Wheeler, and Manning Hough, were arraigned, at the Tombs, on a charge of disorderly conduct. They were bright looking boys of about thirteen years of age, dressed in plain but neat clothes, and with the exception of White, did not seem much to like the position they occupied.—There was a devil-may-care though not a vicious look about White which was positively refreshing. He seemed to rather like the position than otherwise, and from a roguish leer that was observed in his eye as he surveyed a personage who was to appear as the witness against him, our reporter was led to anticipate something in the shape of novelty, and he accordingly prepared for the worst.—The Judge told the boys the nature of the charge against them. The name of the witness being called, Mr. Conrad Heinrich Holzenkamp announced his presence by an emphatic "Here."

Mr. Holzenkamp was a man who was the very ideal of a lager beer saloon keeper. His weight was at least two hundred and seventy-five pounds, one half of which could be set down to lager beer. His height was not more than five feet eight, but the circumference and diameter of the lager beer were enormous. He carried himself erect by necessity to balance the lager beer in the front. His hide laid in wrinkles across the back of his neck whenever he held back his head, and every wrinkle seemed ready to burst with lager beer. Mr. Holzenkamp's face looked lager beer; Mr. Holzenkamp walked lager beer, drank and ate lager beer in alternation. He thought lager beer, and dreamed lager beer. In brief, Mr. Holzenkamp was composed of two things first, the effects of lager beer, and second, lager beer.

The Judge proceeded to administer the usual oath, as follows: You solemnly swear, in the presence of Almighty God, that the evidence which you shall give, in the present case, shall be the truth, the whole truth, and nothing but the truth, so help you God.

Mr. Holzenkamp—I can shwear to all de dings vat you shpeak but to tell de whole troot, dat can I not shwear, ven I can dinks fon all dese boys have done, I tells you more as genuff to sends dem to de Hend'shtiary for so long as dey lives, a hoonerd dings dey do vot I dinks not of.

The Court—Kiss the book, Mr. Holzenkamp.

The witness proceeded to bring a gill of lager beer contained in his nose, and a half gill of lager beer confined in his lips in contact with a venerable Bible, which has been so familiar with crime by long association that we almost wonder the text has not been long since corrupted as much as the cover. Lager beer and the Bible having come in contact, lager beer is supposed to be incapable of lying.

The Court—Mr. Holzenkamp, please state the circumstances connected with the arrest of these boys.

Mr. H.—Vell, on Vensday night at von o'clock my koostomers dey all goes vay from mine lager beer saloon, und I say to Yawcob to go out him and puts up de blinds, ven he goes out mine self, mine vife, she drinks some lager bier, and den I dakes de money und counts dem and puts dem in mine pocket, ven Yawcob come in ve locks de door and goes de shtairs up to shleep. Vel mine vife and I gots to de bed so soon as ve can and den I shleeps, ven I bin shleep leetle vile mine vife she shakes me and say, "Heinerich, de cats dey makes noise in de shtreets so dat I cannot shleep," ven I vakes up I hear so much cats squall in de shtreets dat I dinks dere vas a meeting ton cat pol-itics. But dey makes so much noise I cannot vink mine eyes vonce to shleep, so I gets up and goes to de vindow and say "sheat," "sheat," but de more I say sheat de more dey vil no sheat. I say to mine vife, "Katrina, you bin so younger and so smaller as I bin, you go down in de shtreets and drives vay de cats." My vife den goes down, and ven she opens de door de cats shqualls no more and she looks to ale den, but dere is not cats in de shtreets. Ven she comes de shtairs up again and say de cats bin gone ve lie on de bed to shleep, vell, ven I bin yust shleep most, mine Gott! I hear de cats so louder as before, and I say to mine vife all de cats in de city bin come on de shtep vas fon mine lager beer saloon, dey shquall like hoonerd dyvels, and I try more to shut dem vay. But it vas no goot, dey shquall—I cannot say to you so bad as dey shquall. Mine vife say here bin a tunder shower fon cats, ven I lie in my bed und shtand it so long as I can, I jump up and shwear dat I shoots all de cats in de vorld, I dakes my bistol und run de shtairs down, but I bin so mad und I go so quick dat I falls de shtairs over, und in a minut finds mine head knock on de vall, mine right hand in some Schwitzer cheese, de oder in de shpit pox und von foot in de lag ice pitcher, so soon as I can gits up und goes to de door und open it, I goes on de shtepvalk, und mine foot shlips, and I falls down on mine back and breaks all de bones in mine body. I feels my hand on de shtep vank, and I find it bin all covered mit soft soap, I dries to raise mine self, but I bin so heavy dat I down falls before I got up, just den mine vife come, and help me, und bulls me from de shtep valk in de door, ve do not hear de cats den, und so ve goes to de beds again, so soon as ve be down I hears de cats so vorse as de oder time—I hears notings but cats. I never vas so much afraid except vonce ven a lager beer barrel fly in bieces, I goes to de vindow and I dinks I hears dem in de awning, and I gets out, yust den de cats shtop, but I say I vill find vere dey bin on de awning. I valk along und my foot tops on some shtrings and ven I fall I hear one loud cat shquall dat frights me so dat I dinks I bin fall on more as dhree hoonerd cats, ven I can get up I feels on de shtrings, und I valk till I finds a box, I brings de box to de vindow, Katrina gets de lamp und dere ve find in de long vood shoe box seven cats vot vas fixed this vay: seven notch holes vas cut in de side de box und de cats vas put in de box mit deir heads shtick out de holes, on de oder side de box vas seven leetle notch holes vere vas de cat's dails, und a shtring vas tie to all de cat's dails, I know dat de cats come not in de box by demselves, und so I look to see vere vas de boys, I comes de shtairs down again, goes on de shtep valk so soft as I can, and I finds vere de shtrings comes down from de awning, I keeps hold de shtrings till I find it come to a big sugar hogshead by de next house, und dere I find dese boys, yust den I say, "Yatch!" and de bohceman comes und dakes de boys to de Dooms, I believe dey is do same boys as trouble before.

The Court—Boys, what have you got to say for yourselves for such conduct?

Master White volunteered to act as spokesman. He said

Well, one day we were a playing in front of this 'ere man's lager beer saloon, and he come out and threatened to lick us if we didn't stop. We kept on and bime-by he comes to the door when we wasn't looking and threw a pailful of dirty water on us. We thought we'd got as good a right to the street as he had, and so we made up our minds to be even with him, so we got the box and cats and serenaded him.

Mr Holzenkamp stated that he baptized the boys a few days before as described. The boys promised not to bother lager beer saloon keepers any more, in consideration of which they were discharged.

The undersigned, the Grand Jurors of the County of Penobscot, having seen in the newspapers, immediately after the adjournment of our February term, an article relating to an affidavit, and having now before us the same affidavit, made under oath by David S. Plumley, reflecting unjustly upon the course of the County Attorney, J. Burnham, Esq., at the finding of an indictment, State vs. David S. First Premium PIANO FORTES!

WE have received the agency, for Piano-fortes and Melodeons, for the sale of

Brown & Allen's Piano Fortes,

which are acknowledged by competent judges to be, in the essential requisites of a Piano the best now made in this country

Mr Brown was of the old firm of Brown & Hallett, whose Pianos have been long in the market, and are much admired for their durability and fine tone Having recently had a partnership in the trade with the late James Chickering, he is perfectly acquainted and applied IMPROVEMENT AND ACTION

Piano Fortes of their manufacture are distinguished for EVENness of tone, a good quality of tone, and superior *touch* and *action*. See extract from Report of Committee on Musical Instruments at the Rhode Island Institute for the encouragement of Domestic Industry, holden Sept. 12th to 20th, 1854

"After a careful examination of the workmanship externally and internally, and after repeated trials and hearings, your Committee feel prepared to say that this (Brown & Allen's) Piano Forte is one of the very best they have ever met with in the course of some seventeen years observation of the progress of Piano Forte manufacture in this country. In purity, combined with power and sweetness of tone, in evenness of tone from the bottom to the top of the scale in the great excellence of the action, in lightness and elasticity of work and workmanship throughout, in all the qualities in short, which unitedly constitute a first rate Piano Forte, the instrument in the opinion of your Committee has not been surpassed by any Square Piano Forte hitherto produced in this country, and is entitled to rank among the highest premium instruments in this department"

Read the following certificate from a well known competent judge

—CERTIFICATE—

"*To whom it may concern*:—I have had occasion to use, and to select for many of my friends, Piano fortes made by Messrs Brown & Allen, and I do not hesitate to say that their instruments are no second to those manufactured by any person or persons in the city and in my opinion of the more important points, such as quality of tone and instant of touch, durability &c., I consider but give to them the preference I would therefore recommend to those who may wish to purchase, to call at 351 Washington street and examine for themselves

DR. J. H. SCHENCK'S

PULMONIC SYRUP, For the Cure of Consumption.

THE proprietor of this medicine was himself, many years ago, reduced so low as to be given up by his physicians and friends, in the last stage of Consumption. When all hopes of ever getting well had fled, he was strongly recommended to use a Syrup made from an old Indian receipt, which succeeded in effectually curing him. The family physicians and a large number of respectable gentlemen certified to the facts of his case, and soon the Pulmonic Syrup obtained a reputation never equalled in that section of the country; Creating, as this case did, a sensation second to that only of a miracle, Dr. Schenck was waited upon by many similarly afflicted, to whom he administered the Syrup with the same beneficial results. In fact, such was the notoriety of this medicine, that eminent physicians had their attention drawn toward the rising reputation of it, then having witnessed its curative powers, and freely extended the hand of friendship and encouragement to Dr Schenck, and introduced the medicine to the public, and used it in their daily practice.

No other medicine operates upon the system in the manner that the Pulmonic Syrup does It produces a healthy action upon the morbid parts, by purifying them from disease, it promotes the expectoration, allays the cough, ripens the matter in the lungs, and when it is discharged, it heals the opening that the breaking of the tubercles or abscess produces, and the lungs become sound and resume the performance of their natural functions, it also soothes the irritated portion of the lungs and other organs, and thus restores those parts to health. A superior property this medicine possesses over all others is, that it contains no opium, calomel, or any other deleterious medicine.

In 1841 Dr Schenck removed from Flemington New Jersey, to Philadelphia, and commenced the practice of his profession, where he soon acquired a reputation excelled by none, in curing a disease that had heretofore been deemed incurable, and he has since then daily presented to the world incontestible evidence of his success.

Both of his parents died with Consumption, which appears to have been an hereditary disease with his father's family. All his brothers and sisters except one, died early of this disease, none of them, but the one brother, reaching the age of twenty

Thus left nearly the last of his family, he naturally felt some alarm, as one after another were consigned to the silent tomb by this fell destroyer.

VOLUNTARY TESTIMONY.

We, the subscribers, residents of Flemington do hereby certify that we are well acquainted with Dr J H. Schenck He was attacked by disease, which, as we believe, terminated in Pulmonary Consumption, under the operation of which he was reduced so low as to be unable to leave his bed for a long time, and to all appearance was past recovery. He is now perfectly well—his cough and fever have left him, and we feel justified in declaring it as our belief that these salutary effects have resulted from the use of the Pulmonic Syrup.

TESTIMONY FROM MAINE

Capt Daniel Abbott, Brooklin, Maine, July 16 1853, says: "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S C At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters" in it, I sent for some immediately. This was about 11 o'clock, at 1 o clock I took the first dose, and another at 6 o clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man—I have not been without your medicine since, having been sailing between Baltimore, Charleston and the West India Islands ever since I have now given up going to sea and reside in this place where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co , Maine, April 21, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos B Hall & Co —Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased one bottle. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

KENNEDY'S MEDICAL DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple He has tried it in over eleven hundred cases, and never failed except in two He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst cases of erysipelas

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruptions of the skin

Two to three bottles are warranted to cure the worst case of ring worm

Two to three bottles are warranted to cure the most desperate cases of rheumatism

Three to six bottles are warranted to cure salt rheum

Five to eight bottles will cure the very worst case of Scrofula

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system yet it is now a fixed fact. If you have a humor it has to start There are no ifs nor ands about it, suiting some cases but not yours He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle

To those who are subject to sick headache, one bottle will always cure it It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to

No change of diet ever necessary Eat the best you can get and enough of it

IMPORTANT PROCLAMATION!

A Great Mystery Explained.

In the year of our Lord 1847, in our capacities of analytical chemists, we discovered that by uniting certain vegetable agents, which had never before been used in medicine, we obtained properties possessing such a marvellous quick power over PAIN, that the moment it was applied to the parts affected with pain all uneasiness ceased The most torturing pains were relieved in an instant, and the most violent spasms and irritations were soothed, and the system restored to perfect ease in a few minutes

In 1849 we introduced this Remedy to the world under the name of

RADWAY'S READY RELIEF

It has been used by hundreds of thousands throughout the United States, giving instant ease to all troubled with Pain or Sickness.

One application externally, or a few drops taken internally, will instantly free the sufferer from the most violent and terrible pains, and restore the weak, feeble, and prostrated frame to strength and vigor.

No person has ever used RADWAY'S READY RELIEF without deriving some special benefit in less than fifteen minutes after its use

Let those who are now suffering any severe pains give it a trial, for in fifteen minutes they will enjoy ease and comfort

RADWAY'S READY RELIEF

was the first and is the only remedy ever discovered that will stop the most torturing pains in a few seconds, and free the system from Rheumatic, Neuralgic, Nervous and Asthmatic Disorders in a few hours It will cure and protect the system against sudden attacks of

CHOLERA	DYSENTERY,
DIARRHŒA	CHOLERA MORBUS
BILIOUS CHOLIC,	FEVER AND AGUE
INFLUENZA,	INFLUENZA.

Bear in mind, it is a powerful Disinfectant, antiacid, diffusive stimulant, nervine, antispasmodic, and counter irritant

The R R REMEDIES are medical discoveries of the present century They are prepared on an entire new and original theory, "to stop pain instantly, and protect the human system against sickness or any sudden attacks. The doses required to be taken are small, A few drops of READY RELIEF exercise a powerful influence over diseased action

IT HAS CURED

Rheumatism in one hour,
Neuralgia in one hour,

DR. J. H. SCHENCK'S

SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit:

Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart, Liver and Kidney Complaints of all kinds, Chills and Fever, Gravel and Diseases of the Bladder, Nervousness, Weakness of the Limbs, Fainting Spells, and all diseases peculiar to Females

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr Schenck can announce to all such the discovery of the virtues of the Sea Weed which is just the remedy for their ailments Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juices and weakness of the powers of the stomach The effect of the Sea Weed Tonic is felt soon after it is taken as it supplies at once the principles of the deficient gastric juice, and the food is digested naturally In fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them It gives tone and strength to the stomach, thus enabling it to secrete the proper quality and quantity of gastric juice, and Dyspepsia and all its diseases soon disappear

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia, there is often either Headache, Sour and Sick Stomach, Pain in the Side, Palpitation of the Heart, Chills and Fever, Gravel, Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Faintness, Loss of Appetite, Bad Taste, Fever, Stoppages in Females, all or each of them arising from a disordered state of the Stomach and here is a newly discovered *remedy* for the trifling sum of one dollar, that will cure all this train of diseases!

Now, Dyspeptic, will you not avail yourself of this remedy for so trifling a cost? or will you still suffer on? The choice is for you to make The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite and good digestion. It is put up in quart bottle, always agrees with the stomach, and *one bottle* generally effects a cure We never the bowels are costive, the tongue furred, or the complexion sallow, a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompany each bottle of the Tonic, and will be found in a recess of the bottle, covered with a label

SCHENCK'S

MANDRAKE PILLS.

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and give a healthy tone to the entire system Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for these stubborn complaints, which develope all the results produced by a heretofore free use of calomel—a mineral justly dreaded by mankind—and acknowledged to be destructive in the extreme to the human system That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches, and those who use the Mandrake Pill, will be fully satisfied that the best medicines are those provided by nature in the common roots and herbs of the fields

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons The secretion of bile is promoted by these Pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue

Ample directions for use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills combined is only one dollar. But separate boxes of Pills can be had of any of the agents for 25 cents.

These remedies are prepared under the personal supervision of Dr J H Schenck, proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c., &c , and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c

"I am happy to say of your Cathartic [illegible] have found them a better family medicine [illegible] use, than any other within my knowledge [illegible] friends have realized marked benefit [illegible] coincide with me in believing that they possess [illegible] nary virtues for driving out diseases [illegible] They are not only effectual but safe and [illegible] taken, qualities which must make them [illegible] public, when they are known."

The venerable Chancellor WARDLAW [illegible] Baltimore 15th April 1854

"Dr. J. C. AYER—Sir I have taken [illegible] great benefit for the listlessness, languor [illegible] and Bilious headache, which has [illegible] me in the spring. A few doses of your [illegible] I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure, and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn [illegible] Co., says:

"*Pa. R. R. Office, Philadelphia, Dec.* [illegible]

"Sir I take pleasure in adding my testimony to the efficacy of your medicines, having derived very [illegible] benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Cathartic Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required I confidently recommend these Pills to the public as superior to any other I have ever found. They are sure in their operation, and perfectly safe, qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world, and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

[illegible]

"Dr. J. C. AYER—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now after twenty years trial and untold suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write can only be imagined when you realize what I have suffered and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth, all of which makes me feel already a new person.

"Hoping this statement may be the means of conveying information that shall do good to others, I am, with every sentiment of gratitude, Yours, &c.

"I have known the above named Maria Ricker from her childhood, and her statement is strictly true.

They were [illegible] them to a friend for costiveness [illegible] for months. He told me [illegible] You make the best medicine in the world [illegible] to say so."

Read this from the distinguished [illegible] Court, whose brilliant [illegible] known not only in this [illegible]

[illegible]

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured two years since of a severe and dangerous cough by your Cherry Pectoral, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your Cathartic Pills have entirely cured me from a dyspepsia and costiveness which has grown upon me for some years—indeed this cure is much more important, from the fact that I had failed to get relief from the best physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,

LEAVITT THAXTER."

"Senate Chamber, Ohio, April 5th 1854

"Dr. J. C. AYER—Honored Sir: I have made a thorough trial of the Cathartic Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great respect,

LUCIUS B. METCALF."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true.

MANUFACTURERS OF

WARREN'S IMPROVED

Fire and Water Proof Composition Roofs,

Office—No. 7 Liberty Square, Boston.

THIS Company would respectfully call the attention of Builders, Architects, Manufacturers, and the Public to this improved system of Roofing, which has been very extensively adopted in the cities of Buffalo, Chicago, and St Louis, and within the past year in Boston and vicinity, where it has given entire satisfaction. It is rapidly superseding all other kinds of Roof, and is confidently offered to the Public, as a mode of Roofing unequalled in every important particular

The materials employed are not subject to corrosion or rust, like metal, nor do they expand and contract with the changes of temperature like tin and zinc roofs, nor warp in the weather, and swell in damps, like shingles and other wood coverings

It combines in a greater degree than any other Fire Proof Roof now in use, the essential requisites of cheapness, durability and security against both Fire and Water

These Roofs require an incline of not more than one inch to the foot, leaving it in good condition for a promenade for drying clothes, and it is of particular advantage to [illegible] in the event of Fire

They are afforded at a much less expense than other Fire Proof Roof The [illegible] saved, and which would be [illegible] yd) in raising the walls and [illegible] still farther reduces the cost of [illegible]
